Equi-Trek Night-Treka

The Night-Treka is a rear facing, spacious two horse trailer with a large tack locker which is totally separate from the horse area. It is fitted with two saddle and bridle racks and two coat hooks. The Night-Treka living area is complete with a bench seat which converts into two sleeping bunks, wardrobe, stainless-steel sink with gas hob and a water carrier, along with a fold down table to eat meals at.

The wood free structure and composite panels make the Night-Treka light-weight but still strong and robust. It provides 7ft 9inch headroom with fully enclosed travel and a low, wide ramp, making this the number one choice for the discerning owner.

Standard gross weight is 2,000kg. It is also available in a 2,500kg and 3,000kg gross weight chassis upgrade to give a class leading payload.
